The screenshot shows a web browser window with the address bar displaying http://www.ironsky.net/site/?page_id=25. The browser's search bar contains the text "star wreck iron". The website's navigation menu includes links for HOME, VIDEOS, CONTACT, STORY, PROPAGANDA, WAR BONDS, CREW, REMIX, BLOG, FORUM, and STORE.

The main banner features a dark, textured background with a large, glowing moon on the left and a large formation of black, triangular flying saucers in the sky. The text "iron sky" is written in a stylized, metallic font, with "THE NEXT FILM FROM THE CREATORS OF STAR WRECK" written below it.

The "Remix" section is titled "Remix" and features a large, bold, red headline that reads "REMIX THE TEASER" with the tagline "THE SKY IS THE LIMIT!". Below the headline, the text states: "We're releasing the Iron Sky teaser Remix Pack, it includes video and audio from the teaser in separate files for easy editing. What we hope to see is your interpretation of the teaser and the song 'Under the Iron Sky'. Of course if you want to do something completely different that's okay too, as long as you follow couple of rules."

Under the heading "The Rules", the text says: "The Remix Pack is released under the Attribution-Noncommercial-Share Alike license."

On the right side of the page, there is a newsletter sign-up form for "The Raven" with the text "SUBSCRIBE TO OUR NEWSLETTER" and a "GO" button. Below the form is a promotional image for "BUY WAR BONDS" featuring a woman in a white uniform saluting, with the text "IMPRESS YOUR GIRLFRIEND" and "BECAUSE NOTHING SAYS 'LET'S MAKE BABIES' LIKE WAR".

At the bottom right, there is a "Recent Posts" section with two entries: "Iron Sky posters" and "Teaser out now!".

日本人繪製的「台灣堡圖」始於西元1898年，測繪時以劉銘傳的清丈區域為準，並加上現代三角與高程測量，精度大為提高，是日後日人統治台灣的重要基礎資料，由於此圖的繪製是以清代堡圖為準，故而稱之為「台灣堡圖」。(引用來源 作者：廖泓銘 提供單位：中央研究院 數位典藏計畫 文章出處：中央研究院數位典藏資源網，http://digiarch.sinica.edu.tw/content.jsp?option_id=2621&index_info_id=6924)

Semachrysa jade new lacewing species IMG_1645 copy

Yes, my first decent lacewing shot. I have only seen these lovely creatures twice since I started macro photography in July 2007 and never managed to take any decent shots of them. Third time lucky i guess :)

Citizen Science

“scientific work undertaken by members of the general public, often in collaboration with or under the direction of professional scientists and scientific institutions”

– *Oxford English Dictionary*

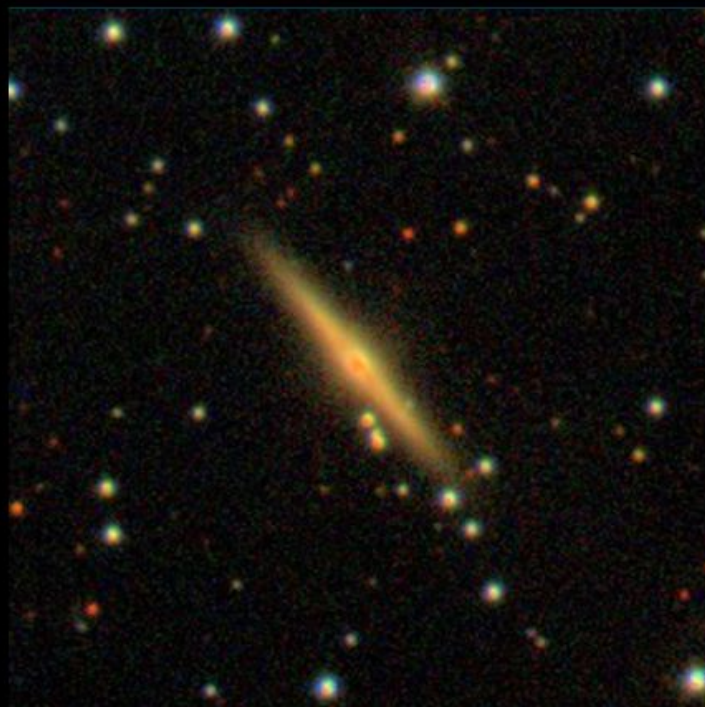

- “In many parts of science, we're not constrained by what data we can get, we're constrained by what we can do with the data we have. Citizen science is a very powerful way of solving that problem.”

- *Chris Lintott*, co-founder of Galaxy Zoo

- Galaxy Zoo is a crowdsourced astronomy project inviting people to assist in the morphological classification of large numbers of galaxies.

Galaxy Zoo is a **Zooniverse** project.

Embedded Metadata Initiative

www.embeddedmetadata.org/social-media-test-results.php

Social Media sites: photo metadata test results

We have uploaded a test image with embedded metadata and have checked if any of the embedded values are displayed and if so, which ones. As a next step we have tried to save the picture from a Social Media web site or system on our computer and then we checked what metadata fields are still embedded. Find the test results in the grid below - in short: a green light indicates good results, a yellow one not so good ones and the red light that the handling of metadata should be improved, grey means: has not been tested.

[You can read the full details of the tests on this page.](#) It lists all details about what was tested and what the icons below stand for.

● 社團四大宗旨 ●

1

改善路死

藉由大量的資料蒐集，分析路死嚴重的路段、好發季節及受威脅種類，改善道路設計或增加廊道、圍籬等設施，以減少野生動物因國內道路開發與車流量日漸增加而造成的直接死亡 (roadkill)。

2

環境教育

藉由民眾參與「路死動物」的記錄活動，推廣並提升國人生態保育觀念。

3

全民科學

推廣公民參與科學調查的概念 (Citizen science)，由全民一同發掘生活中的環境議題，進而提出想法、試驗設計、資料蒐集、分析討論和合作解決。

4

珍惜生命

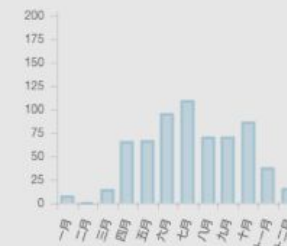

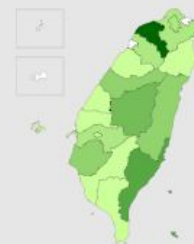

將路死動物個體製成標本典藏，無償提供學術研究、教學或展示之用，減少因學術研究所需而造成的活體犧牲。
